Your 30-Day Post Plan

NICOLE, YOUR NEXT 30 DAYS ARE PLANNED.
YOU JUST NEED TO PRESS RECORD.

magnify growth × BPAG

How This Works

1

TWICE A WEEK

Batch film

Film the 23 talking-head posts in batches: 3 at a time, Monday and Thursday mornings at the office. The other 7 you film as they happen.

2

EVERY MONDAY

Plan the week

Check last week's numbers, then edit and schedule the week's 7 posts. Thirty minutes.

3

EVERY DAY

One post, 7:30am

One post goes out every morning. Reply to comments for 15 minutes after it goes live. Tick it off.

4

EVERY SUNDAY

Improve one thing

Look back at the week, be honest, and improve one thing. On day 30, score every post on the review page.

Keep it general. Explain the rules, not what one person should do. Super and investment content can be financial product advice, so unless you're licensed for it, say "general information only, not advice" and point people to a meeting. Client stories need written consent and no identifying details.

Your Filming Setup

1

IPHONE

Camera

Back camera, 4K at 30fps, vertical. Wipe the lens. Phone at eye level on a small tripod, or a stack of books on your desk.

2

SOUND

Mic

A clip-on mic if you have one. If not, wired headphones with the mic near your chin and the cable out of shot. Close the door.

3

LIGHT

Face a window

Sit facing a window, not with it behind you. Turn off the harsh ceiling light above you. Leave some office behind you for depth.

4

TAKES

Keep rolling

Look at the lens, not the screen. Pause 2 seconds before and after. Stumble? Restart the line. Three takes, then move on.

That's all you need. People will forgive a slightly soft video. They won't watch one they can't hear, so sound comes first.

Your Four Pillars

CONNECTION

13 posts

They're asking: Do I like you? Do you get farming and business like I do?

The trap: Disconnect: only tax tips, so they never meet Nicole or the team.

Day 2: Why I became an accountant
Day 5: Meet [team member]
Day 6: On the farm with a client

VALUE

10 posts

They're asking: Is this helpful? Do I understand my tax better now?

The trap: Lecturing: jargon, too much detail, five rules in one video.

Day 1: The good-season tax bill
Day 3: Farm Tax in 30 Seconds #1
Day 7: Payday Super is here

PROOF

5 posts

They're asking: Are you legit? Who have you actually helped?

The trap: Disbelief: smart talk, but no sign of real clients or results.

Day 4: A farming family, 12 months on
Day 11: A client in their words
Day 18: Handing the farm on

INVITATION

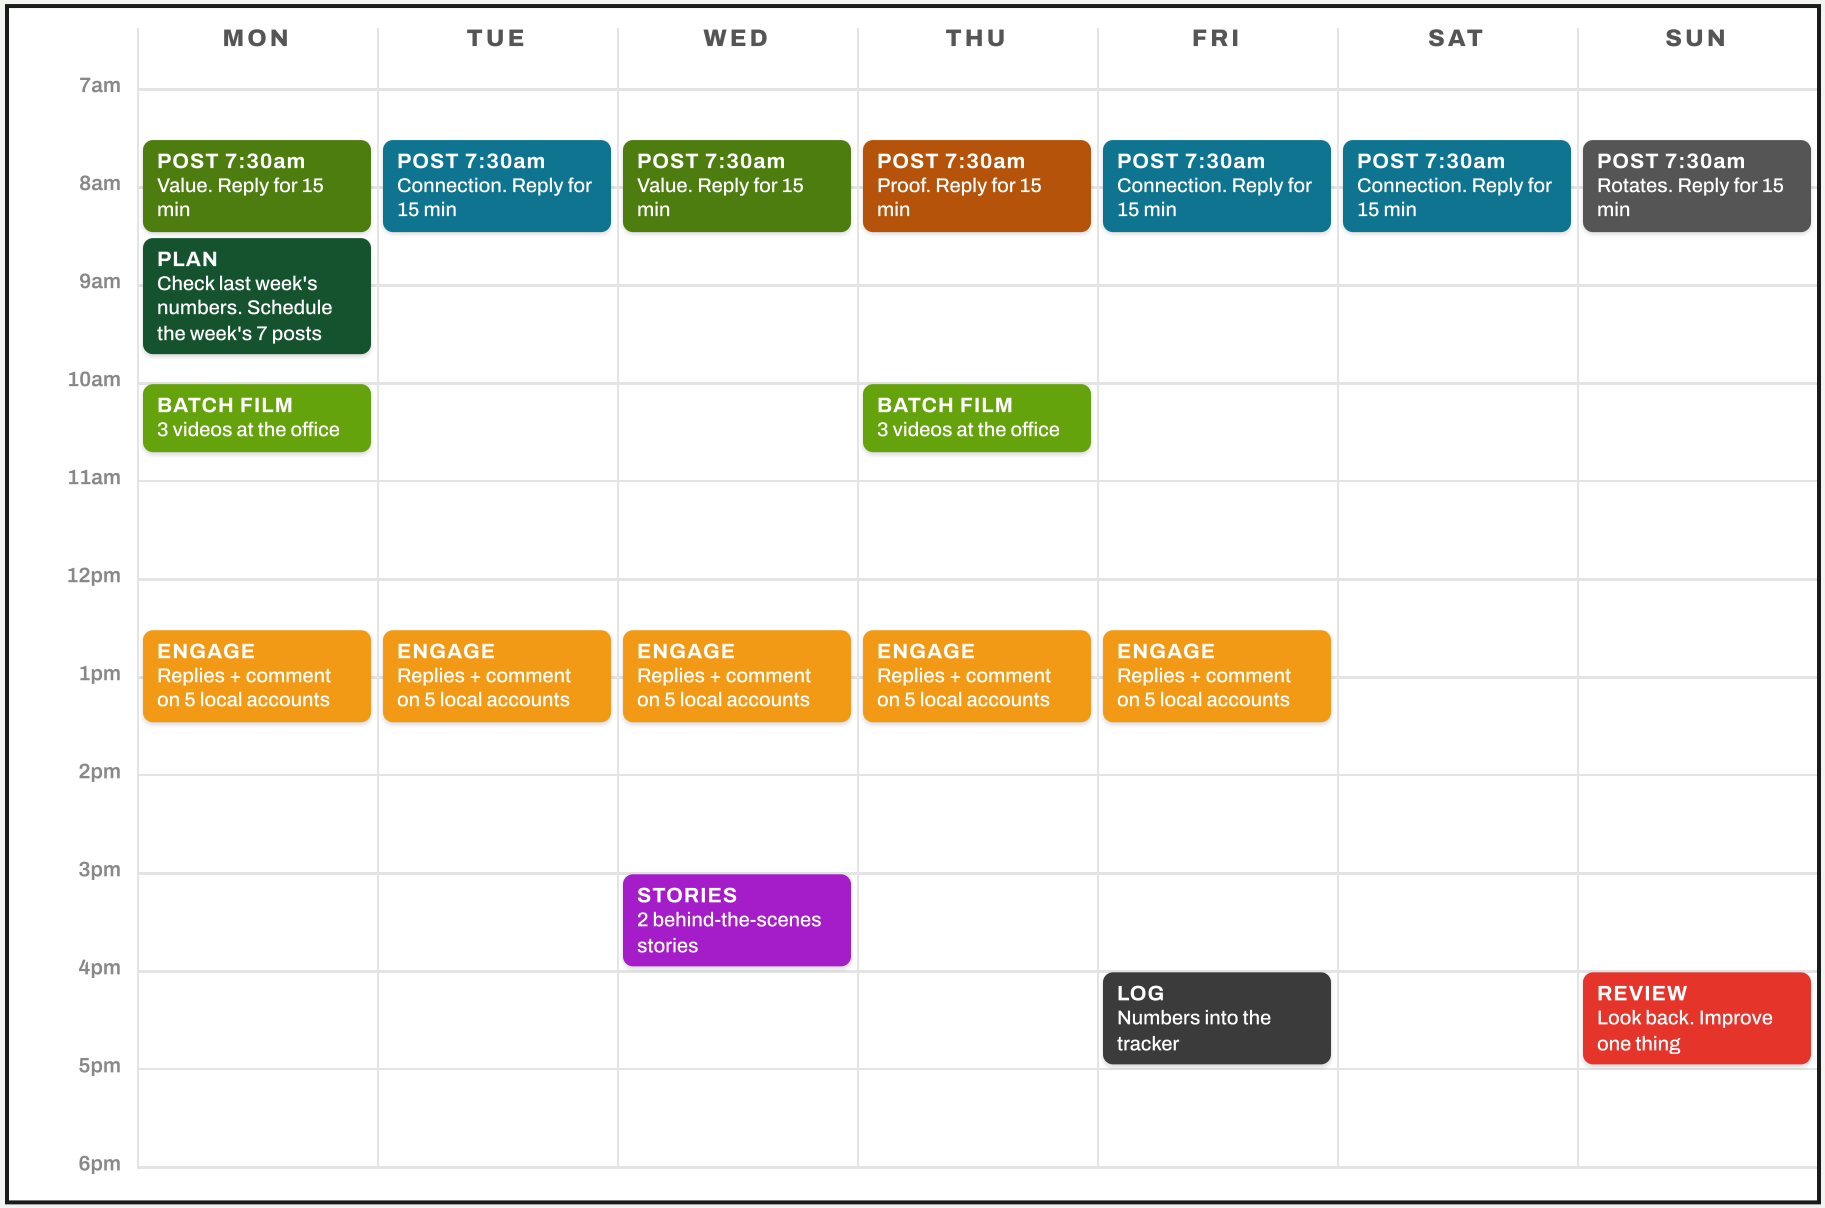

2 posts

They're asking: How do I get started with BPAG?

The trap: Selling: a pitch in every post. Give publicly, sell privately.

Day 14: Free farm tax checklist
Day 28: Free farm tax night

Your Weekly Content Schedule

About 3½ hours a week. Put these blocks in your calendar as recurring events now, like a client meeting. Batch filming on Monday and Thursday mornings covers the talking-head posts.
